

FDA-cleared

SOLIUS

Personalized UVB light therapy, on demand

A smarter, safer way to stimulate the UVB health benefits of the sun is finally here. The Solius device pairs with the Solius app, which is required for use.

Getting started

- 1 Scan QR code
- 2 Download Solius app
- 3 Create an account
- 4 Complete onboarding
- 5 Personalize your dose with our smart skin sensor
- 6 Begin therapy. Repeat weekly.

The power of the sun at your fingertips

Benefits compound over time. Consistent weekly Solius sessions help activate the UVB light-driven processes your body relies on.
